The JetHawks Journal

The Official Newsletter of the Flight Crew Booster Club

Words From the Chair

Chairman Notes

As you read this newsletter JetHawks Opening Day is about two months away. What has been a quiet winter will soon turn into a busy spring as we prepare to receive and support the 2020 JetHawks players and coaches. I hope you will consider helping in whatever capacity is needed to make the team stay in Lancaster a good one. As we get closer to mid-March you will receive e-mails requesting your assistance.

The Milb contraction plan by MLB saga continues and probably won't be settled until June or July. As has been stated previously MLB's reasons for having the JetHawks on the contraction list make no sense at all. MLB complaints are: poor facilities, lodging, travel distance, and too many players under contract. Lancaster has great facilities, teams visiting Lancaster are housed in a major chain motel that is a mile and a half from the stadium and walking distance to restaurants, the JetHawks are in the middle of the Cal League (4 teams north of us and 3 teams south of us) our team travels on a modern air conditioned bus and travel distances are all less than 6 hours.

Keeping our membership informed is one of our goals. We use our web site, Face Book, Instagram, and this newsletter to help keep you informed. If you have news items of interest for the membership please contact Judy Hopps and she will decide the appropriate avenue to get the information out to the membership. If you have a newsletter item please contact Robin Andersen. Remember the Flight Crew Booster Club is a much stronger organization when the membership is involved and informed about our mission. We have a number of committees that can use your talents please consider working on a committee(s) of your choice.

Recycle

We have been recycling during the off season and are at 5% of our yearly goal. If you have CRV recycle materials you can bring your donations to a GM meeting or call me (661) 317-5590 for pick up. **Note:** while milk containers and other non CRV plastic is recyclable the return makes collection of these items not economically feasible – for a 30 gallon bag of non CRV plastic we receive 3 cents.

2020 Membership Renewal

Membership Renewal Invoices for 2020 have been sent, 2020 shirts and pins are available upon renewal. If you are a Lifetime member or joined for the first time after mid-June you can pick up your 2020 tee shirt at any time. If you have membership questions please contact Curt at clevind18@msn.com.

For the 2021 FCBC year (starts in September 2020) you can order your club tee shirt in our original color Purple rather than the now standard Navy Blue. I do need to know if you desire to get your shirt in Purple and the style (universal or women's), size, and number of shirts. Extra shirts are \$10 each. I originally planned to order in early February due to the uncertainty of the 2021 season have delayed submitting an order so you still have time to let me know if you want your shirt in Purple..
