Words From the Chair

Chairman Notes

Suspension of Booster Club activities has been extended to 1 July. Like last month, the timing for resuming activities is dependent on the Governor lifting the “shelter in place” and gatherings of more than 10 persons edicts. While things are starting to open, we are not in a position to hold meetings at this point.

Thanks to all members who sent an e-mail to saveourjethawks.org. Now we wait to hear our fate from MLB which has a plethora of problems to resolve just to get a partial 2020 season started. Several MLB teams have released a total of over 1,000 Milb players which pretty much indicates the 2020 Milb season will not occur. To me it also indicates the 42-team contraction plan is moving forward. Will the teams on the original list be on the final list? Truth is we do not know. Because MLB wants to do away with entire Milb classifications and leagues the list is probably fairly accurate. The JetHawks are one of a few outliers on the list in that the California League will remain so to me there is still hope for the JetHawks to survive.

The booster club communicates with our membership using e-mail, our web site, Face Book, and this newsletter. If you have news items of interest for the membership, please contact Judy Hopps and she will decide the appropriate avenue to get the information out to the membership. If you have a newsletter item, please contact Robin Anderson. Remember the Flight Crew Booster Club is as strong as the membership wishes it to be. Your involvement is critical to completing our mission of supporting the JetHawks and baseball in the Antelope Valley. We have several committees that can use your talents please consider working on a committee(s) of your choice.

Korean Baseball

For those of you who are really missing baseball, ESPN is broadcasting a game a day from the Korean Baseball Organization. They are playing games without fans in the stands right now, with English speaking commentators calling the games from their homes. I enjoyed watching a game today, and have my DVR set to all the games. There's a few former Jethawks in the KBO, Preston Tucker, Chan Moon, and Roberto Ramos. Check it out.

New host and sponsors seeking information will need to attend the next booster club meeting at Texas Cattle Co. Returning hosts and sponsors please contact Wendy Ball if you are unable to do so again this year. If your player from last year is returning let Wendy Ball know. Please be aware my first priority is getting the players living situations settled. Thank you for your support in advance.

2020 Membership Renewal

Membership Renewal Invoices for 2020 have been sent, 2020 shirts and pins are available upon renewal. If you are a Lifetime member or joined for the first time after mid-June you can pick up your 2020 tee shirt at any time. If you have membership questions please contact Curt at clevind18@msn.com.

For the 2021 FCBC year (starts in September 2020) you can order your club tee shirt in our original color Purple rather than the now standard Navy Blue. I do need to know if you desire to get your shirt in Purple and the style (universal or women's), size, and number of shirts. Extra shirts are \$10 each. I originally planned to order in early February due to the uncertainty of the 2021 season have delayed submitting an order so you still have time to let me know if you want your shirt in Purple..
